Location: G.R.A.C.E. Animal Rescue Inc. El Segundo, CA

Sex: Male Age: Young

Description: See Zucky's Homepage

My name is Zucky:) and I love other cats. They make great playmates. I was picked up from a front lawn in Lawndale, when I was just one day old, ambilical cord still attached!! We flew out a car window and that's where we landed. Thank God for soft grass! We were very sick, my sister and I, and it took a very long time to get over that. Of course we both had to be bottle fed. As a result, we still think people are a mother cat. I might try to nurse on your neck if you let me. I know, I should have grown out of that by now, but.... I'm expected to become a pretty big boy considering my size already. If you think you would like to meet me. I hang out at Petco on Sundays, in Torrance, lately. Stop by and say hello, or call my fosters at GRACE if you would like to meet me before then. Thanks for checking me out!
