

*In Loving Memory*  
Professor Wally Jay

Grandmaster and Founder  
Small Circle Jujitsu™

June 16, 1917 - May 29, 2011

We have lost one of the true great martial artists with the passing of Professor Wally Jay.

Professor Jay was an inspiration and role model.

A kind, generous and humble man, Professor Jay was a great and inovative martial artist who has left a rich legacy to the arts with his system of Small Circle Jiu-Jitsu.

His art will live on and prosper in the most capable hands of his son, Grandmaster Professor Leon Jay.

His memory will always be rembered, repected and honored at The Inosanto Academy of Martial Arts and by our students throughout the world.

Professor Jay was our teacher and our dear friend.

We carry with us so many wonderful memories of years filled with training, love and laughter with Professor Jay and his dear wife Bernice.

As we mourn Professor Jay's passing, we celebrate his life and the impact his time here with us has had on our lives and surely the lives of everyone who had the honor and privelage to meet and train with this remarkable man.

We will love and respect you always.  
Dan & Paula Inosanto
